# CRX Concepts

*“My people perish for a lack of knowledge”. Hosea 4:6*

## HAVE YOU EVER ASKED YOURSELF

- What am I looking for?
- What is my purpose in life?
- Where do I go from here?
- Why is it that concepts and doctrines I’ve been taught from birth make little sense no matter how much I want to believe them?
- Is there a way to KNOW instead of depending on blind faith and religious tradition?

Only the Inner Being – the real you – knows your primary purpose for being here. You can access this knowledge by identifying, verifying and coming into harmony with the Universal Laws as taught by the Great Masters, such as Jesus, Buddha, Lao Tzu and others.

Every great journey begins with the first step. Your first step is this introduction to the Church of Revelation (CRX), the Institute of Applied Metaphysics (IAM) and the Renford Books.

## Where to Look for Answers

**You can search for a miraculous event or you can begin the process of Self-discovery in the 13 step process of identification and verification of the Universal Laws.** For many people, this search for enlightenment is commenced in the hope of a religious or spiritual experience. It is hoped that enlightenment will come down from somewhere and infuse their consciousness. Possibly the Holy Spirit will enter the body

and takeover. Maybe a guru or holy man will lay hands on them, bestowing enlightenment in a flash of light. They are hoping for a religious or spiritual experience. The problem with all of this is that they are looking for enlightenment **outside** of themselves.

There is a good example of this in *2<sup>nd</sup> Kings 5: 1-17* of the Hebrew texts. Naaman, the trusted Captain of The King of Aram, had leprosy. The King sent a message to the King of Israel noting that the God of Israel was powerful and asking him to heal Naaman.

The King of Israel tore his clothes in desperation, but the prophet Elisha said, “Send him to me.”

When Naaman came to his home, Elisha did not even bother to come out and meet him. He sent a message telling Naaman to go and dip seven times in the River Jordan. Naaman was upset and went away, saying that the Abana and Phorpar rivers of Damascus were as powerful as the River Jordan.

His servant asked him, “If the prophet told you to do some great thing, you would do it, isn’t that right?” Naaman dipped in the River Jordan, as he had been instructed, and was healed.

Naaman said, “I thought he would come out and wave his hands in the air and call on his god.” Here we have the gist of Naaman’s problem – expectation of the miraculous. He was looking for a big event, as are many who go in search of enlightenment in strange and exotic ways and places. All of these ideas are predicated on an **external** event.

Jesus’ teachings, Buddha’s teachings, Lao Tzu’s teachings and the Vedic texts are explicit about the power being **within us**. To access this power, we are required to go **within ourselves**.

## **The Church of Revelation**

What is the Church of Revelation? How is it different from traditional religious groups? These are valid questions any reasonable searcher for truth might ask, considering the wide variety of organizations that exist today. It is very difficult to know, and that is precisely what **COA** and the Institute of Applied Metaphysics are about -- **Knowing**.

The Great Masters consistently taught the Universal Laws in their stories and parables. These are the basic truths that allow positive unfoldment and harmony in our lives. The Renford Books help to clear away the confusion created by those who developed religions after the departure of the Masters. With the self-study program, developed by the Institute of Applied Metaphysics and taught by **COA**, each reader is able to direct his own steps toward **Knowing**.

The Church of Revelation may be the most unusual church you have ever heard of. Its purpose is unlike traditional churches. It is simply to assist all who want to **Know** with

the process of **Knowing**. This process is based on the contemplation, identification and verification of the Universal Laws in one's own life experiences. It is an experiential learning system directed by the individual, at his pace and within his own space.

It may be better to define **COR** by what it does **NOT** do.

- **No Rituals** – There are no rituals, no liturgy, no blessings or any other ceremonies to be observed. **COR** is about Self-realization, Self-discovery or simply becoming aware of who we are.
- **No Initiations** – Initiations suggest that there are those in the organization who can hand down enlightenment through rituals, thus opening the individual up to further advancement. There are no shortcuts to enlightenment. This is work that individuals must do for themselves.
- **No Doctrine or Dogma** – At the Nicene Council, Emperor Constantine would not let the Bishops leave the Council until they agreed and wrote what has come to be known as the Apostles Creed. It was the formation of the first Christian dogma and is embraced by traditional Christian churches today. There is no creed, verbal, written or unwritten, in **COR**. There is only experiential learning.
- **No Required Attendance to Services** – There is no such thing as a holy day. Every day is important in one's search for **Knowing**. The Church is available to assist on any day.
- **No Single Sacred Book** – **COR** is not modeled after any so called holy texts. As provided in *The Core Teachings* by Renford, you can see that the 13 Universal Laws can be found in virtually every religion. The four pillars of the Church are Identification, Verification, Observation and Meditation.
- **No Adherence to any Religion** – The Universal Laws may be found in the sacred books of many religions in the words of the Great Masters who are revered as founders of these religions.
- **No Politics** – Everything about **COR** is free from hierarchy and open to all. Anyone can read *The COR Document*, answer the questions and then be registered as a full member. Anyone can read the texts of the courses in the first level of the Institute of Applied Metaphysics, answer the questions, receive a certificate and be eligible for ordination as a Minister/Teacher.
- **No Fear-based Teachings** – There is no form of fear-based thinking in **COR**. There is no condemnation, no atonement and no blood sacrifice. There is no adherence to a war-god, like El Shadhai, found in many religious texts.
- **No Tithing** – Although members who have identified and verified the Universal Laws and are aware of the benefits of the Universal Law of Giving and Receiving, there is no requirement for tithing nor assessments of any kind. Donations are welcomed, but to give or not to give is an individual's choice.
- **No Fees or Dues** – Members are eligible for discounts on books and courses at the Institute of Applied Metaphysics, but there are no fees or dues payable to **COR**.

## An Invitation

## Renford Revelations – Blogs, Articles and Essays Sponsored by COR

### **Introduction to *The COR Document***

This overview is far too detailed for the casually interested. It was written for those who are seriously interested in knowing more about the Church of Revelation. From this material it is possible for one to make a decision about pursuing this avenue in one's search for Self-unfoldment.

COR was originally formed as my personal ministry. No provision was made for members to join the Church. It was not meant to be a faith based ministry where people who had faith in me or my teachings could come together to bring others to the same beliefs and purposes. The Church organizational structure is modeled in part on ideas expressed by Karl Jung and J. Krishnamurti, both of whom were wary of the affect organizations and institutions have on the individual. Upon the formation of an organization, the interests of the individual are superseded by the desires of the group. One does not join the Church of Revelation but is awarded Council Membership upon completion of the first degree level of the Institute of Applied Metaphysics.

Ordination is based upon the completion of each of the three levels of the Institute of Applied Metaphysics. Upon completion of the first level (The Universal Law Society), the graduate may be ordained as a minister/Teacher. Graduation from level two, the MA, earns the ordination of Master Teacher and the third level designation is that of Doctor/Metaphysician.

For many years the Institute of Applied Metaphysics was not associated with any religious organization but worked with many. It still does this, but the Church of Revelation is closely associated with the Institute in that its program of development for members and its clergy is centered upon the courses of study developed by the Institute. Many of the courses are based upon the Renford Books. A synopsis of each book is included.

The Church of Revelation is unlike most religious organizations in that it does not have a special sacred text which we look to as the only inspired word of God. We have no creed or “statement of faith”. However, we do recognize the set of principles that were explained by all the Great Masters. We have come to know them as the Divine Self-expression, which we can verify in our life experiences. For this reason, we understand this to be a process of knowing as opposed to blind acceptance of any belief system no matter how old or hallowed it might be. These principles can be found in virtually every religion known to man, and always they are the thoughts and words of the Masters themselves revealed in simple stories.

This document contains simple statements, which set out the principles upon which this Church is founded. They are based upon the same principles found in the stories of the Great Masters. We address the perennial questions of human beings, what we appear to have been searching for from the time we identified ourselves as thinking and reasoning beings. We will explain why this Church was formed, our objectives and mission as well as the way we are proceeding to realize them.

Our focus is on sharing the process of evolution and unfoldment with all who are looking for answers. This is a system of identification and verification of the Universal Laws based upon personal events in our lives. It involves conscious understanding and continued awareness. We are equally focused on ways to share our knowledge and skills in healing body, mind and spirit. This is a balanced approach we call Integrated Applied Metaphysics.

You will come to know how anyone may participate in a politics-free organization on equal terms. We ask you to participate in any way you are drawn to do so, including being a Minister, Teacher, and/or World Council Member. This is accomplished by completing the courses of study that make up each level. As you read *The COR Document* watch for the *Seven Revelations* of the Church.

You will find our meetings long on substance and short on form. We are not enamored with ritual, have no doctrine or dogma and ask no one to accept anything on faith. We simply provide a way for you to identify and verify the Universal Laws from your own understood life experiences. This accomplishment alone brings one to the point of knowing, which is our primary purpose.

### **The Board Meeting**

*“There will be a meeting of the Church Board immediately after the service,”* announced the pastor.

After the close of the service, the Church Board gathered at the back of the sanctuary for the announced meeting. But a stranger was in their midst — a visitor who had never attended their church.

*“My friend,”* said the pastor, *“Didn’t you understand that this is a meeting of the Board?”*

*“Yes,”* said the visitor, *“and after today’s sermon, I suppose I’m just about as bored as anyone else who came to this meeting.”*

## **Introduction to the Renford Books**

The Introduction to the Renford Books is a sample of what you will find in more detail in the pages of *The Renford Books*. *The Renford Books Catalog* contains the basic information on the books. It will be sent on request and

will be available at [www.IAM-COR.org](http://www.IAM-COR.org)., [www.iamrenford.com](http://www.iamrenford.com) and at [www.Daucers.com](http://www.Daucers.com).

“You can travel to the furthest recesses of any continent, endure years of discipline, have personal time with a master teacher, learn to develop psychic capabilities and experience intense visions; but sooner or later, the Universal Laws must be consciously identified and verified from your life experiences in order for you to truly know your Self.”

People all over the world are discovering that they can study world religions and philosophy and go to great lengths to develop spiritually and still not really go far in the process of self-discovery. We would like to introduce you to the Renford Books because my effort is to demystify the process. I bring out the ultimate master in each of us. We start with the conscious process of identifying and verifying each of the Universal Laws from our life experiences. Once they are clearly understood on a conscious level, we begin the process of self-observation and let the intuitive mind, the inner being, take over.

I wrote each of the Renford Books with a particular type of reader in mind yet the subject matter is similar in that always I am dealing with the Universal Laws. I have been asked often why I am always talking about the Universal Laws. There is nothing else to talk or write about. Every thought and every action we take, no matter how wrong we might be, is based in these laws. We live move and have our being in them and it is imperative that we understand them.

In this document, now included in each book, I am giving a little history as to why I wrote them, for whom they were written and why. At the heart of our thinking when we consider reading a book the essential questions are, what is in it for me? How will I benefit by reading this book? The purpose of *The Renford Books* and this document is to address these questions.

### ***The Searcher's Road Map***

*The Searcher's Road Map* introduces the reader to the Universal Laws, the Renford Books, the Institute of Applied Metaphysics and the Universal Law Society. This book promotes no religion but seeks to show how we are alike as opposed to how we are different. *The Searcher's Road Map* could be called a marketing piece. Renford wanted

to create a book that looked like a book, would be accepted as a book but really would serve the purpose of introducing the reader to the whole program.

### ***The COR Document***

The COR Document is the manual for the Church of Revelation. It addresses the problems that beset religious organizations and explains the mission of the group. The Church of Revelation was established to provide assistance with the personal ministries of graduates of the Institute of Applied Metaphysics. This book defines an organization that is structured so that the best interest of the individual member is held as première. Both Krishnamurti and Yung noted that as soon as an organization is formed the interest of the group supersedes that of the individual. Where this occurs in a spiritual organization a barrier is created to self-discovery. COR is based on knowledge and understanding, not on politics or tenure.

### ***The Rules of the Game***

*The Rules of the Game* introduces the Universal Laws in the simplest manner possible. It is not an in-depth study, but provides a basis for understanding of the Laws. Many people do not consider what Jesus or Buddha had to say as relevant to their lives today. They are not really interested in the great sages. Some are, however, interested in what Vince Lombardi, Lou Holtz and Bear Bryant had to say. These legendary philosopher coaches may never have thought in terms of Universal Principles but the quotes recorded in this book show they understood the principles about which they were speaking. The game of football is shown to be analogous to the Laws of Life, and the quotes illustrate that even on the simplest everyday matters of life, these Laws are in play. It was Renford's intention to provide as simple an explanation of each Universal Law as he possibly could and avoid any trace of religious doctrine or dogma. He wanted to create a book that could be used by sports organizations or any kind of group that supports youth development.

### ***The House That Namuh Built***

The creation of meaningful allegories, in fact, the writing of allegories, is an art form that some think is disappearing. When you find a good allegory that is expressing a Universal Principle, it can have a powerful effect on

your life. *The House That Namuh Built* is about first a man, and then a whole people who begin on the path of Self-discovery. Again, it is about the Universal Laws, the invariant facts of life, upon which we can base our understanding for Self-discovery. This is a modern day parable, an allegory of the process of Self-discovery. Everyone in the story represents an attitude, an emotion or a Universal Law. The purpose of the book is to aid readers in the process of identifying and verifying the Universal Laws from their own life experiences.

The initial intent was to write a book for young people that would introduce them to the process of identifying and verifying the Universal Laws in their life experiences. The first draft was about 19 pages. It addressed the subject of the levels of mind and it took more than 5 years fleshing out characters and creating stories within the story to illustrate each of the Laws. Renford says he has received more feedback from readers regarding this book than any other.

### ***In Search of Self***

This is a book of prose and poetry that parallels the other books in the study of the Universal Laws. You will find that one of these Laws states that to truly understand anything, one must experience it personally. *In Search of Self* is the rendering of the Laws in verse. It allows readers to experience the process of identifying the Universal Laws from one's life experiences. Renford says this book is more personal to him than some of the books because it reflects his process of self-discovery. These poems were written over a long period of time and were collected into sections that pertain to each of the Universal Laws.

It was not Renford's intention to write a book of poetry but he simply put a collection together of his works over a long period of time. He has noted that he approaches poetry differently. It is as if we have to pay more attention to every line in order to grasp the real meaning.

### ***The Laws of Material Wealth***

This book was written for those who are pondering career changes or contemplating going into business for themselves. It applies Renford's understanding of the Universal Laws and his experience working with entrepreneurs, especially in startup situations. For many people developing

their own business is a compelling idea. Sometimes a hobby or particular activity is all that really interests some people. *The Laws of Material Wealth* helps readers understand where this is coming from and why it is important for them as part of the creative process. The fundamentals based on the Universal Principles of creation are the foundation no one can ignore.

This book was written while Renford was working in venture capital. He was raising the money to raise the money. In other words, seed capital, the funds necessary to get into the position to approach venture capital, securities companies or angels. He came to the conclusion that though his clients saw everything as a money problem, the real problem more often than not was management and their unrealistic expectations. He used a number of examples from this period changing the names to protect the guilty!

### ***The Laws of Material Wealth Workbook***

The Workbook for *The Laws of Material Wealth* follows the chapters in the book and includes four - five exercises in each chapter dealing with a Universal Law. Sample questions one may need to ask are included. The primary purpose is to assist the reader in the process of identifying and verifying each of the Universal Laws in his own experiences and making application of this knowledge in the creation of the image held in thought. Whether a business, career or a non-profit project this is the process of creation, and above all else each of us are creating our lives.

### ***Support for the Laws of Material Wealth***

Once a student has the book, the workbook and the 4 DVDs he receives access to the 54 weeks of support material and online coaching. The support material is delivered by e-mail and the radio program on the RBR Network called The Laws of Material Wealth Personal Development Program constitutes oral coaching on each of these 54 weeks of support material. The shows are available at present in the archives of the RBR Network at [www.blogtalkradio.com/renford](http://www.blogtalkradio.com/renford) and will be available on DVDs for those who purchase the program. The support material will be published as an additional workbook for the program.

### *The River of Life*

This book is primarily written in verse. It is about the eternal nature of being. It picks up an entity that is between physical lives and follows him on his journey down the river of life. It addresses the various theories of life after death that is usually dumped under the general term of “reincarnation.” Christian dogma starts the clock on the nature of being with physical birth, and this essentially denies the word “eternal” except in terms of an eternal reward or punishment. This book points to the fact that the word eternal means **without beginning as well as without end.**

### *The Mysteries Revealed*

This book looks at the meaning of the most controversial of the biblical books – the *Book of Revelation*. Many equate the word “apocalyptic” with the word “catastrophic.” “Apocalyptic” does not mean “catastrophic.” It means revelation. It is also called the *Revelation of John*. Dreams can seem crazy when viewed in relative consciousness, so it is important to use the language of the mind. Since there are a number of visions mentioned, *The Book of Revelation* should be treated and interpreted as a dream. Though most consider *The Book of Revelation* simply to be a book of riddles, there are those who teach a religion of fear based upon it. It is really about moving **from fear based feeling to love based living.** *The Mysteries Revealed* is a metaphysical interpretation of the *Apocalypse of John* – the revelation of Jesus. It is a roadmap to Self- unfoldment. It is the mysteries revealed.

### *The Metaphysical Bible*

It is a mistake to think that one can interpret all the books of the Bible in exactly the same manner. One cannot interpret all these books literally, metaphysically or with any set formula. Each book was written by the writer to a specific individual or group for a specific reason. *The Father Confusors* deals with physical events described by ancient witnesses from their only points of reference. *The Metaphysical Bible* deals with scripture that is obviously metaphorical or metaphysical in nature. Popular and familiar passages such as *Isaiah 55*, the Lord’s Prayer, the 23<sup>rd</sup> *Psalms* and others are revealed in a different light. The deeper, and with all due respect to theologians and philosophers, clearer picture of what was being said is recorded for your study. Some, if not all, of the passages that are

metaphysically rendered can be found in various Renford Books, but they are all together and in an easily understandable order in this book.

Included in this book is a chapter on how we got our Bible. Many think of it as something that has always existed but it was a collection ordered by an Emperor who was himself not a Christian. What should or should not be included is still a matter of conjecture with the Greek Catholics, Roman Catholics and Protestants, not to mention the Gnostics, putting forward their collection as the Bible.

### ***Renford Revelations Volume One – Volume Four***

Included in these books are blogs, articles and essays by Renford on a variety of subjects of contemporary interest. The power that can be gained by understanding of the ancient teaching of the Masters come alive with understanding of applied metaphysics. Without a practical way to understand and harmonize with the Universal Laws, the benefit is limited to the intellect or faith. The Essays are revelations that come from the process of identifying and verifying the Universal Laws from life experiences. They have been delivered on Internet radio, Internet Article Centers and included as chapters in some of the Renford Books.

### ***The Father Confusors***

This is a study of ancient scripture and the parallels that can be seen in related stories. It is in the third level of the Institute of Applied Metaphysics and builds on the lessons learned from the Universal Laws. Once the Universal Laws are understood, at least on a basic level, *The Father Confusors* helps differentiate between Universal Being – God and alien entities that were thought to be God or posed as God. The First Cause, the Creative Force we call Universal Being, is identified through the Divine Self-Expression, the Universal Laws. This book deals with numerous incidences described by ancient witnesses from their point of reference and what they are describing is not God nor God-like attitudes and actions. Witnesses describe an incident from their point of reference. Ancient witnesses could not include all the technological advancements of the 21<sup>st</sup> century.

## *The Core Teachings*

This book identifies thirteen Universal Laws that were taught by the Great Masters. The emphasis is on how their teachings were alike as opposed to how they were different. It can be read in two ways. It may be read as any book from front to back in the normal way or the reader can take any one of the Universal Laws and follow the thinking of the Masters one by one. You can read what Buddha had to say about one of the Laws in the Dhammapada – what Lao Tzu said in the Tao Teh Ching, what Vedic writers said in ancient Vedic texts – what the Zen Masters said – what Jesus said and what Mohammed said. The book moves on to famous writers and teachers such as William James, Ralph Waldo Emerson, Thomas Troward, Wallace Wattles and Napoleon Hill. The last author quoted is Dr. David Hawkins PhD. The reader can get a more comprehensive picture of a Universal Law than any other way. Readers and students can see for themselves how the original teachings parallel each other. In the process of this study what has been added can be identified. To some degree, there is an introduction to the Universal Laws in virtually all of the Renford Books, but in *The Core Teachings*, there is a more in depth study of the Laws.

## *The Unity Principles*

This book is a study of the writings of Charles Fillmore and Emily Cady and records what they said about the Universal Laws in comparison to what are commonly accepted as the Unity Principles. No matter how the Unity Principles are represented today, we can see in this book that Fillmore and Cady were very specific in their statements.

The 5 Unity principles as they are explained by the ministers of Unity Church of Christianity are really principles that any Christian could agree with. However, when we look at the specific statements of Cady and Fillmore we find very specific definitions of each of the 13 Universal Laws that are unequivocal. These statements, unlike those put forward officially as the Unity Principles orthodox Christians would not agree with. The Principle of Absolute Unity, for instance, is clearly stated in Unity as, “There is only one power in the universe.” Orthodox Christianity says there are two warring powers battling over the souls of men, God and angelic army and the devil with his demonic forces. Duality is predominant throughout traditional Christianity.

### ***The Universal Law Society Workbook***

The ULS Workbook contains the multiple choice Lesson Questions for the books and essays that make up the first level of study for the Institute of Applied Metaphysics. The first level is called the Universal Law Society because each of the Renford Books deals with the Universal Laws. The essays have True and False Lesson Questions. This is the workbook necessary for those who want to complete the ULS and become eligible for ordination by the Church of Revelation as Minister – Teacher.

### ***The IAM Masters Workbook***

In the second level, the M. A. Program, the focus shifts to the process of manifestation and acceptance. The purpose of this level is to engender understanding of the process of creation. In fact many of the teachers who have studied the Universal Laws call them “the Laws of Creation”.

It is obvious that masters, such as Jesus, saw our purpose for being here to create and be productive. We have the illustration of Jesus wilting the fig tree because it was barren. He told the parable of the talents which emphasized the need to be productive and explained what the primary enemy of the individual is, “Fear”.

### ***The PhAM Workbook***

This workbook contains essays with lesson questions and all assignments. It also includes all of the multiple choice questions for the texts in this level. This is a required purchase for one who wants to complete the third level. The material in this level is advanced information not readily available in most esoteric schools. Completion of this level entitles the graduate to teach any courses in this level as well as ordination as a Doctor – Metaphysician in the Church of Revelation.

### ***The Author’s Workshop***

This workbook is the text taught in workshops and is provided for paying students as part of the price of the workshop. It can be purchased separately but it is in outline form and much is to be gained from the explanations covering it. This is a complete guide to aspiring authors. Publishing is defined, what to expect as part of the process and what to do when you have

your book is covered. The workshop is generally presented in a three hour format beginning with a clear picture of how the publishing business has evolved and how to adapt to these changes. This is important if a new author is going to be able to make informed decisions. With this knowledge it will be much more difficult for anyone to take advantage of a new author. Cost cannot be hidden if the author knows what the process is. When you know the questions to ask publishers and people who assist with publishing recognize that you want an itemized fixed cost in advance and that you intend to maintain control.

### ***Half Enlightened Masters***

The purpose of this book is to familiarize the reader with the steps to be taken in the process of self-discovery. In order to accomplish this process it is helpful to look at ways people have tried to do this. Religion has been the main focus. The occult world is another, which includes the search for a perfect master in the popular Eastern tradition. Renford is offering his observations with regard to organizations covered in this book because he has been able to study and spend time with supporters of these schools of thought. They were not selected for critiquing purposes. Basic information is provided and readers can take the time, should they so desire, to investigate any or all that has been included.

### ***The Literalist Conspiracy***

This book gives an accurate picture uncolored by the Catholic Church story line. It reveals the facts about the first 50 years after Christ, the Ebionites under James the brother of Jesus in Jerusalem as well as the coming of the Gnostics. It reveals a small group of the lowest level Gnostics, called Hylics who interpreted the myths with meaning written by Gnostics literally and turned them into narratives. It is about the state of Christianity through to the Nicene Council in 325. It traces the development of a new aggressive and violent religion founded by the Emperor, a non-Christian, for political purposes. This new religion was structured along the lines of the Roman Military, and combined with the state apparatus, created a resilient theocracy that when the state failed continued to develop through other states. This book contains information on existing and competing religions at the time and the role politics played in the creation of the Bible.

## ***The Revealer***

*The Revealer* is an in depth study of the mission of Jesus, the religious and political scene at the time of his recorded life and the very essence of his teachings. This book deals with the secrets he said he was there to reveal. He said these secrets had lain hidden from the foundations of the earth. In the same verse, *Matthew* 13:35, where he states this is his purpose for coming. The writer of *Matthew* goes on to say, “And he spoke to them in parables and without parables spoke He not.” This very clearly tells us where the secrets are to be found.

## ***IAM-WELL***

It is clear that the basic and most effective way to be healthy is to be completely healthy. We mean by this, healthy in mind, body, and spirit. Any other approach yields only temporary results. It is necessary to identify and come into harmony with the Laws of Life if one is to know true health. Medicine and the science of healing on the physical level have come a long way. Its advancements, however, have been so focused on the physical level that mind and soul have been considered only possible aids in physical health. In other words, the advances have been made without recognition of the fact that mind and spirit are a part of the equation. Scientists have proved that everything on this vibratory plane is governed by laws, but they are only aware of physical laws. We would like to suggest that you look at the question of health and the laws that govern health with a more comprehensive view including body soul and mind. In the Renford Books these Laws are referred to as the Universal Laws and the author shows how they affect the natural laws with which we have become somewhat familiar. We could also refer to them as simply, The Laws of Life.

## ***The IAM Catalog***

The idea for the creation of the Institute of Applied Metaphysics developed from the suggestions and contributions of many who read the Renford Books when they were still in manuscript form. Readers and students have continued to motivate Renford culminating in the establishment of the Institute and its Board of Regents. The Renford Books constitute Renford’s understanding on a wide range of subjects, each related to the Universal Laws. As a student of the Institute of Applied Metaphysics you will learn on

three levels. The first level is a comprehensive look at the Universal Laws with the objective being to identify and verify each from your own life experiences. The second level looks at our primary purpose for being here and the process of manifesting our evolution and unfoldment. The third level ties it all together with an in depth esoteric study.

The courses, essays and lesson questions for all three levels are listed along with comprehensive information on the Institute. This catalog also provides a clear picture of the philosophy of the Institute with regard to education and educational institutions.

One only need read one of the Renford Books to recognize that they are different. With a dedicated study of these books one can break the bonds of mechanical thinking and begin the process of evolution and unfoldment. The same old fuzzily stated esoteric ideas are absent. There is a clear and direct communication of the invariant principles in a way that any serious student can understand and find a path to run on.

### *Original Science*

Science today draws on the contribution of early giants such as Hermes Trismegistus, Pythagoras, Socrates, Aristotle and others. At the same time they made these scientific contributions they were extraordinary philosophers. There were simply not the clearly established lines we have today between philosophy and science.

You can request a copy of the Renford Books Catalog at iamrenford@gmail.com. These books are available in paperback and as electronic books.

### *Government*

In this book original laws from ancient texts such as The Laws of Maat, The Code of Hammurabi and the Ten Commandments are shown to be the core principles upon which our judicial system and systems of government are based. There were other such ancient text all of which the kings who brought them claimed were given to them by the gods on a mountain top. It is what all including the Law of Moses have in common as they all claim them to be a revelation exclusively for them by the gods to provide for the people.

This book explains how from these basic laws we have meandered through history and the divine right of kings to eventually arrive at constitutional law by the people and for the people.

### ***Religions of the World***

This book may not include every religious group in the world and there are many derivatives from each of the major religions. The major ones are covered using both the literalist and esoteric extremes. The Literalist side will be most interested in form, doctrine, and ritual. The esoteric side will be interested in the process of enlightenment and understanding. There will be some religions of which you will have limited knowledge. You can find information on the Internet with regard to any religion but you have to know what to look for. I think there will be some in this book you would not have known to look for.

### ***The Contemporary Revealers***

This book is a review of contemporary writers who have addressed and explained some, if not all, of the Universal Laws. This fact is not recognized by those who have written reviews of these authors and their books. It may be that they do not recognize the significance of these writings. For instance, people who write about Edgar Casey involve themselves in how accurate his readings of the future have been. They want to theorize about what he saw in political terms etc. They miss the significance of his identification and verifications of the Universal Laws. You will not hear from most Christian Ministers about the Universal Laws but Jesus himself said that he had come to reveal the secrets that had lain hidden from the foundations of the earth. He told his apostles that he had revealed the mysteries to them though they don't appear to have been astute students. This book features people who have revealed at least partially the Universal Laws.

### ***The Language of the Mind***

When we attempt to interpret a dream, especially those that are recurring, we have no hope unless we know the language being used. We think in pictures and it is motion pictures we receive. These pictures are symbols with which the inner being is using to talk to us. If we associate the dream only with the picture or scenes related to the experience in the relative conscious state while awake it is like trying to translate from Chinese to English using only

Greek. It does not work! If we know the symbols we know the language of the mind. Most of us are not meditating and the only time the inner-being can talk to us is when we are asleep. If we attempt to interpret our dreams in the relative conscious language of our relative conscious lives we have the total confusion and fear-based interpretations of those who give us literal interpretations of the *Book of Revelation*

### ***The Four Pillars***

*The Four Pillars* is designed to provide practical steps and a guide to identifying and verifying the Universal Laws in your life experiences. The four pillars are Identification, Verification, Observation and Meditation. This book is currently being edited and it is expected to be available within 60 days. It is being added to the Universal Law Society.

### ***My Way***

In *My Way* I reveal the process from birth of finding my way. While often feeling lost or caught up in religious studies, and while experiencing the struggles of business, there was always this singular process of self-discovery. This book was written in the hope you may find a way to do the same.

The Institute was born in the information age, and the Internet is the primary vehicle for contact and distribution. It brings a simple message that connects the dots for those who are seriously on the path of personal development. Each of 13 Universal Laws relate to the other 12 and the power is in knowing this. Many organizations bring a wide variety of teachers and lessons to their membership and though they are good and beneficial, the connection escapes them. We cooperate and work with those who are open to cooperation. The institute is clear about the differences between traditional education and knowledge that can be gained at the Institute. Students learn of the four fields of knowledge and what lies beyond what is traditionally available.

The RBR Hosts program has developed into a fraternity of teachers, healers, creators and service oriented personalities. We have formerly been limited to two hours per day broadcast time with 12 shows per week. Of course this limited the number of Hosts, the genres and the audience we could reach. We think that those who are producing these shows and working to provide information and services to listeners worldwide are dedicated and the potential for an expanded network is present. This is a diverse group and each host has appeal for a segment of the listener base and may create their own listener base. While we may have differences in belief systems, skills and approaches to the public the core intent is to serve. We have a variety of backgrounds but as hosts we all want the same thing. We want successful shows with a good audience base and to share what we have come to know by interviewing service oriented guests.

Contact [iamrenford@gmail.com](mailto:iamrenford@gmail.com) for information regarding your participation in the Hosts Association. We will forward the Hosts Association Package.

## Renford Books Limited Partners

The Renford Books Limited Partners is a proposed marketing company to be established exclusively for the 28 books, catalogs and manuals written by Renford. This also includes a large number of audio tapes, DVDs and the world renowned Renford Affirmations.

Not only does the Renford Books require more focus and funding, these books deserve an organization dedicated to making them available worldwide. It is our opinion that these books are of such value that we should do whatever is necessary to accomplish this. They are unique in that they are written for a wide range of readers and are distinctly different from what is available.

Upon request we will provide the presentation and answer any questions.

## Benefits of Spiritual Response Therapy

Clearing the subconscious mind with SRT helps one to become aware of working with more than the subconscious. As negative patterns are cleared, an important channel of communication begins to open; a connection with the High-Self is made. Guidance and help are constantly given to us from the spiritual realm; however we are not always aware of it. As a Spiritual Response Therapy Practitioner, I have noticed the benefits that clients receive when there is clearance of programs/blocks. They report feeling better and having a more positive outlook on their life.

Everyone has unlimited potential and should be aware of who they are and what they can do in this lifetime. Dr. Ross is on a mission to inform, educate and help others realize their potential and understand the possibilities that are available to them.

I work as a Finnish-Scandinavian tradition shaman. What is a shaman? This is a healer who creates changes in the energetic structures underlying your physical body. A tietaja, as we are known, can shift into other dimensions, finding often overlooked factors behind your physical, emotional, or spiritual challenges or discomforts. When we find and resolve the issue(s) in the subtle bodies, the physical body experiences restoration. For more, essays (blog), testimonials, and mission statement, go to:

## THE RENFORD AFFIRMATIONS

*I know that anything I can conceive and believe I can achieve. Everyday ideas are coming to me. Every day I gain more confidence because I believe in myself. God dwells in me, and I can access God Power by recognizing my innate powers.*

*I know that there are certain Universal Principles or Laws upon which all laws, including the laws of physics, rest. I am persistent in my identification of these Laws in my life. I am using my innate powers to come into harmony with these Laws of life. I know that these Laws are the Divine Self-Expression and that through understanding them in my life experiences, I can BE STILL AND KNOW GOD.*

*I see all problems as challenges that simply require a learning process. I love them because they exist in Divine Love for my benefit. I understand that proper perspective is necessary to begin any work and I'm daily developing the capability to view my life in proper perspective.*

*The essence of God is in me and I am pure potentiality. Every thought I have creates. I am aware that I can create destructively as easily as I can create constructively; therefore, my every thought is observed as if I were outside looking in. Negative and fearful thoughts are immediately apprehended and brought into the light from the dark corners and hidden caverns of my mind. In their place, creative and constructive thoughts are building the edifice of self-knowledge and understanding, which is my birthright.*

*I know that there are no limits upon the abundance that is available to me, except those that I place upon myself. I am releasing all thoughts that restrict or limit me. I am attracting all the skills, people and materials that I need to fulfill my primary purpose. These assets and attributes are daily being placed on the infrastructure that I have created in thought. I am manifesting what I have imaged in thought.*

*I know that I am not alone but part of the absolute unity of all. I know that every action has a reaction. I know that all is connected; therefore, there are always consequences of my thoughts, attitudes and actions. I observe this and daily create an ever-expanding positive force.*

*I am giving of myself every day in every way. I share my wealth, time and knowledge, and the cosmos rewards me in multiples of my giving. It is inevitable that I receive when I give, because this is an expression of a Universal Law.*

*I know that no matter what I give or receive, there is only one essential ingredient, and this ingredient is the makeup of God. IT IS LOVE. Every time I share my knowledge, wealth or time, I am giving packets of LOVE—Packets of God. Love is all that I have been given, and it is all that I can give. I give love freely and daily.*

*I know where I am, who and what I am, and what I am capable of. I know that my capacity for energetic activity, creative thought and love is endless and that my energy supplier, Universal Being, is infinite. I take responsibility for what I have and will create. I know that what I create in thought, and give the power of emotion to, will be manifested. I AM IN EVERY WAY CREATING MY LIFE! ~ ~ ~*
