ABOUT JO GARNER

Jo Garner is a Mortgage Loan Officer, a Radio Host and the founder of Talk Shoppe. Talk Shoppe is a networking organization that developed out of a small group that 20 years ago began meeting in a coffee shop. I frequently listened to her show on 600 I-Heart Radio and right away knew who she was when I first visited Talk Shoppe. This is one of the most complete of the networking groups in Memphis. It has a core group of sponsors but visitors are welcome. The sponsors address the group each week and guests are asked to do the same.

“Whatever YOUR personal priorities” Jo says, “My job is to help you get the mortgage terms that will give you bragging rights when you talk about it and help you score on hitting your goals .” She says, “As a mortgage loan officer, my job is to help you get to the benefits you want from your financing terms. What is most important to you? I can help you find the financing terms that will help you get to what you want. What is your comfort level on a house payment? How much are you comfortable paying down? What type of financing do you need to get the house you want to buy or refinance?”

“Different clients have different priorities in life - some are buying their first home with very little down payment funds. Some are recovering from medical challenges, divorces or preparing to send children to college and some are embarking on a long term goal of buying properties to build rental income.”

Jo Garner is a mortgage officer with extensive knowledge in tailoring mortgages to her customers who are refinancing or purchasing homes all over the country. She offers conventional, FHA, VA or other loan programs for refinancing and purchases.

Jo can help you look at rent vs. buy, when it makes sense to refinance, how to get the best deal on your home purchase financing.

Jo Garner got her start in Portland, Maine where she first began her real estate career. She received her real estate education from the University of Southern Maine and was personally mentored in San Diego, California by Robert G. Allen, author of *Nothing Down*, *Creating Wealth* and *The Challenge*.

On moving back to West Tennessee in 1987, she went into business buying and selling discounted owner-financed notes secured on real estate. In 1990 Jo went to work for a residential mortgage company and has been a mortgage loan officer for over 25 years. Her goal is to offer excellent, affordable service to her customers, tailoring the loan programs to the specific needs of her clients.

In addition to her work in the mortgage field, Jo Garner is the primary sponsor and founder of Talk Shoppe in Memphis.

www.TalkShoppe.com Jo Garner also host the radio show Real Estate Mortgage Shoppe airing on News Radio AM 600 WREC and i-Heart Radio with podcasts and show notes published on www.JoGarner.com

Note the Talk Shoppe Outline as follows:

Talk Shoppe Outline

Small businesses are the heart of any community. They provide goods, services and employment opportunities to their communities. Many business owners start their business to fulfill their passion and dreams, then stagnate because they lack the knowledge and resources to grow. Talk Shoppe provides that knowledge and resources in a supportive community.

Who we are: an organization that provides free networking and education to people interested in business, real estate and health and wellness. Talk Shoppe's target participants and sponsors are people who are committed to grow their business and help someone else grow too. Talk Shoppe offers marketing resources to sponsors and supporters at less than market cost.

What we do: weekly meetings for networking (engage), speakers on a range of business topics (Equip), marketing platform (Empower) in a supportive community

Why we do it:

Equip: Ongoing learning is essential for business owners, by providing quality speakers on a range of topics members can use the practical information to grow their business among a supportive community.

Engage: meeting with other business owners to build relationships and strategic partnerships is an important part of owning a business, it enables the sharing of knowledge and experiences

Empower: Business owners need to market their business, most struggle to do so. By providing access to a range of affordable marketing and promotional opportunities, owners can extend the reach and grow their business and help others grow their businesses too.

The Laws of Material Wealth

Because of our preoccupation with wealth, many modern day writers who are revealing Universal Truths have done so in books centering around how to use the Laws to improve one's financial position and achieve happiness materially. We cannot argue with the Laws whether the emphasis of these

writers illustrates how one can use them to improve their lot in life or search for the deeper meaning of life. The Universal Laws can be applied to any endeavor.

Before seeking knowledge of the Laws of Material Wealth one must keep in mind another name for the Universal Laws, which is The Laws of Creation. It is also referred to as The Complete Law. Jesus specifically stated this Law as “Seek first the Kingdom of Heaven and these things will be given to you.” If we are seeking understanding, the knowledge in our heart, soul and mind of our oneness with the Creator, we must look within ourselves for the Kingdom. If this is our number one priority, all the compensation we need, will be provided.

The secrets to material wealth can be found only in the identification and verification of all the Laws but is evident in the Law of Pure Potentiality. We focus on an objective desired with full attention (undivided attention). We call upon the power of the subconscious mind that sets about to do its job of fulfilling the objective. While the conscious mind may represent as little as ten percent of our thought power, it is the part we can and must control.

The Laws of Material Wealth are manifested by knowing what we want; making the right choices and developing the will to succeed, as explained in the Law of Believing and Knowing, and the use of free will. It is from conscious thought, that is, will, that the flow of life energy comes into the motor nerves, and it is with emotion that our vibratory rate is raised. It is conscious mind working with the physical body, in harmony with natural and Universal Laws, which causes material happenings.

All power is will power. The movement of electrons, atoms and molecules is in response to an inward directing force. Where there is life there is mind, and where there is mind there is life. Life is the essence of spirit, and consciousness is the essence of life. How we use the mind and the will determines what we will create, and therefore, what we make of this life.

Concentration is necessary for creative thought. We focus (with undivided attention) on our objective and using visualization, we clearly determine (design) the desired outcome. The thought is then released, utilizing the Law of Believing and Knowing that allows the subconscious to do its work. In this sense only does the conscious mind control the subconscious mind. Knowing that the objective has been created in thought, and knowing that our thoughts

create, we allow the creative power of the subconscious, through the Law of Attraction, to bring the people and material necessary in the process of creation.

The Bible speaks of the creation of man in God's image. In *The Father Confusors* I suggest strongly that there is a literal and physical meaning to this saying. However, with the revelation of Universal Law by Jesus and the New Testament writers we have a description of God drastically different from that of Yahweh. The meaning here is the spiritual part of man is in the image of God. We are told that God is a spirit, and those who worship him must do so in spirit and truth. What is distinctive about the spirit of man that makes us beings in the image of God? It is the ability to think and, therefore, to create. Charles Fillmore wrote a book called *The Twelve Powers of Man*, which explains in detail the innate powers which are our divine birthright. Maharishi Mahesh Yogi wrote a book called, *The Science of Being and the Art of Living*, which also goes into great detail on the Universal Law of Being.

As can be seen in the Law of Pure Potentiality or Creative Thought, we too are creators. We have the capability through harmony with Universal Law, but we must learn and earn that capability in order to use it. We must remove the veil of ignorance and act; utilizing our being, exercise free will and, with intelligent thought, create with responsibility.

“Will” is our coordinating power and imagination is our mental muscle. These are our innate abilities which we are to expand our powers to create. Understanding Mental Law (The Law of Pure Potentiality or Creative Thought) and our creative powers is an all-important part of exercising free will. Charles Haanel says “Will Power” consists of a series of continuous, unceasing determinations and acts that revolve around a desire that make it dynamic enough to produce the much craved for results.” Chopra points out the reason for this. He writes, “This is because intention in the fertile ground of attention has infinite organizing power. Infinite organizing power means the power to organize an infinity of space-time events, all at the same time.”

In the workbook for *The Laws of Material Wealth* I provide 5 exercises per chapter to assist the reader in the process of identifying and verifying the Universal Laws.

Observations:

Intelligence Is Omnipresent

By Bernard Dozier

As we become more conscious we become aware that this is a conscious universe. Intelligence is degrees of consciousness, and expanding consciousness expands our awareness of Creation/Reality.

Long ago, in a Biology class, a microscope revealed an "invisible" Paramecium intelligently propelling itself around a droplet of water until

there was a contraction that resulted in two of the creatures where there had only been one.

Intelligence is an indicator of the divine Presence. When we consider Creation, we acknowledge the Intelligence within and behind it. Intelligence is found at every level and in every phase of reality, visible and invisible.

We once thought of the atom as a tiny sub-sub-sub particle, but we know now that there is no particle-only intelligence in motion.

Bible readers, Bible students, and even scientists have thought of cosmic space as empty, black nothingness, but intelligence is revealing that there is a lot of something in all that space between planets, stars, and galaxies. They call it "dark matter" or ether, and guess what? They're realizing that this cosmic substance that appears as Nothingness is composed of Intelligence with all the signs of being consciously alive!

What we're dealing with is a Universe-a God System--that records everything, that's everywhere present, everywhere alive, and ever responsive to our thought (every thought is a prayer) and our word (our claim, our choice).

There is nothing that is nothing. Everything we see and can't see, such as thought and desire, is something...something that moves as intelligence and purpose. Jesus knew what he was talking about when he cautioned us about idle, empty words. They are productive, too, and become empty experience that we'd rather not have.

Life time is creative time, and the more intelligently we think, the more Creation is able to serve and benefit us.

Quote of the Month

“Everyone thinks of changing the world, but no one thinks of changing himself.” - Leo Tolstoy

Tolstoy's observation was long after Jesus' often repeated word "Repent". This word has always been assumed to mean he wanted people to feel sorry for their sins. However, the Greek word from which the translation "repent" is made is "metenoia", which actually means, "To change your way of thinking." Obviously, Jesus was stressing that this is a power we have to make a change in ourselves.

Poet's Porch: From In Search of Self by Renford

Our Limitations

Who among us could be more limited than the one who refuses? The one who says there is nothing beyond the power of man? He accepts the shackles of the material world, which only confuses. He knows only the manifestation of the force, the results, and not the plan.

How can the Infinite Universal Being be limited, used up or spent? In what corner of the universe could this weakness be hidden? If God could be contained, the Masters invented the omnipotent. From where do we derive poverty? How does fear come unbidden?

Who were these Masters who taught under a tree and along the shore? How did such minds waste their energies on frivolous little stories? Was the Buddha a fool or Jesus a mental beggar and not much more? Can even the most closed of minds not see more in their allegories?

Their message to men was of infinite love and abundance for all of us. They spoke not to only a few as if there wasn't enough to go around. With all men, even children, it was the principles they would discuss. The multitudes were fed and the lowly with them could be found.

The world is not one of limitations but one of great abundance. The Sages for centuries have guided us in this understanding. From the sea we can draw water in great quantities and substance, And still there remains that great body of water never ending.

Abundance is not to be measured; it is a Universal Law invariant. What gives us access is the way we view our world and place in it. Our fear leads

us to do battle with each other, our unbelief apparent. We fight for rights and riches as if the Creator was weak and unfit. We insult the great intelligence as if questioning one of limited ability; As if we know better than the Master – better to receive than give; The Divine Self-expression is revealed in the Laws as pure infinity. And we, to access this abundance, must learn of its presence and live.

The perceived shortages and the poverty of man must have our acquiescence. Have we come to know God's shortcomings and found the reserves depleted? The only lack we can know, the only limitations we will ever experience, Are those we have nourished in our ignorance and in our minds created.

Humor Me:

A teacher was giving a lesson on the Old Testament and asked one of her students, "Tommy, who knocked down the walls of Jericho?"

Tommy answered, "Well, it wasn't me."

Worried about this lack of Bible knowledge, the teacher called Tommy's mother.

His mother said, "Look, my son's a good kid. If he says he didn't knock the wall down, he didn't knock the wall down."

More worried, the teacher called Tommy's father. He listened to her story and said, "Well, look, I don't want any trouble. Just tell me how much this wall costs, and I'll take care of it." Christianity.com

Production to the Renford Books

The Introduction to the Renford Books is a sample of what you will find in more detail in the pages of *The Renford Books*. *The Renford Books Catalog* contains the basic information on the books. It will be sent on request and will be available at www.IAM-COR.org and at www.iamrenford.com. It is also available at www.Daucers.com.

“You can travel to the furthest recesses of any continent, endure years of discipline, have personal time with a master teacher, learn to develop psychic capabilities and experience intense visions; but sooner or later, the Universal Laws must be consciously identified and verified from your life experiences in order for you to truly know your Self.”

People all over the world are discovering that they can study world religions and philosophy and go to great lengths to develop spirituality and still not really go far in the process of self-discovery. I would like to introduce you to the Renford Books because my effort is to demystify the process. I bring out the ultimate master in each of us. I start with the conscious process of identifying and verifying each of the Universal Laws from our life experiences. Once they are clearly understood on a conscious level Once they are clearly understood on a conscious level, we begin the process of self-observation and let the intuitive mind, the inner being, take over.

I wrote each of the Renford Books with a particular type of reader in mind yet the subject matter is similar in that always I am dealing with the Universal Laws. I have been asked often why I am always talking about the Universal Laws. There is nothing else to talk or write about. Every thought and every action we take, no matter how wrong we might be, is based in these laws. We live move and have our being in them and it is imperative that we understand them.

In this document, now included in each book, I am giving a little history as to why I wrote them, for whom they were written and why. At the heart of our thinking when we consider reading a book the essential questions are, what is in it for me? How will I benefit by reading this book? The purpose of *The Renford Books* and this document is to address these questions.

The Searcher's Road Map

The Searcher's Road Map introduces the reader to the Universal Laws, the Renford Books, the Institute of Applied Metaphysics and the Universal Law Society. This book promotes no religion but seeks to show how we are alike as opposed to how we are different. *The Searcher's Road Map* could be called a marketing piece. Renford wanted to create a book that looked like a book, would be accepted as a book but really would serve the purpose of introducing the reader to the whole program.

The COR Document

The COR Document is the manual for the Church of Revelation. It addresses the problems that beset religious organizations and explains the mission of the group. The Church of Revelation was established to provide assistance with the personal ministries of graduates of the Institute of Applied Metaphysics. This book defines an organization that is structured so that the best interest of the individual member is held as première. Both Krisnamurti and Yung noted that as soon as an organization is formed the interest of the group supersedes that of the individual. Where this occurs in a spiritual organization a barrier is created to self-discovery. COR is based on knowledge and understanding, not on politics or tenure.

The Rules of the Game

The Rules of the Game introduces the Universal Laws in the simplest manner possible. It is not an in-depth study, but provides a basis for understanding of the Laws. Many people do not consider what Jesus or Buddha had to say as relevant to their lives today. They are not really interested in the great sages. Some are, however, interested in what Vince Lombardi, Lou Holtz and Bear Bryant had to say. These legendary philosopher coaches may never have thought in terms of Universal Principles but the quotes recorded in this book show they understood the principles about which they were speaking. The game of football is shown to be analogous to the Laws of Life, and the quotes illustrate that even on the simplest everyday matters of life, these Laws are in play. It was Renford's intention to provide as simple an explanation of each Universal Law as he possibly could and avoid any trace of religious doctrine or dogma. He wanted to create a book that could be used by sports organizations or any kind of group that supports youth development.

The House That Namuh Built

The creation of meaningful allegories, in fact, the writing of allegories, is an art form that some think is disappearing. When you find a good allegory that is expressing a Universal Principle, it can have a powerful effect on your life. *The House That Namuh Built* is about first a man, and then a whole people who begin on the path of Self-discovery. Again, it is about the Universal Laws, the invariant facts of life, upon which we can base our understanding for Self-discovery. This is a modern day parable, an allegory of the process of Self-discovery. Everyone in the story represents an attitude, an emotion or a Universal Law. The purpose of the book is to aid readers in the process of identifying and verifying the Universal Laws from their own life experiences.

The initial intent was to write a book for young people that would introduce them to the process of identifying and verifying the Universal Laws in their life experiences. The first draft was about 19 pages. It addressed the subject of the levels of mind and it took more than 5 years fleshing out characters and creating stories within the story to illustrate each of the Laws. Renford says he has received more feedback from readers regarding this book than any other.

In Search of Self

This is a book of prose and poetry that parallels the other books in the study of the Universal Laws. You will find that one of these Laws states that to truly understand anything, one must experience it personally. *In Search of Self* is the rendering of the Laws in verse. It allows readers to experience the process of identifying the Universal Laws from one's life experiences. Renford says this book is more personal to him than some of the books because it reflects his process of self-discovery. These poems were written over a long period of time and were collected into sections that pertain to each of the Universal Laws.

It was not Renford's intention to write a book of poetry but he simply put a collection together of his works over a long period of time. He has noted that he approaches poetry differently. It is as if we have to pay more attention to every line in order to grasp the real meaning.

The Laws of Material Wealth

This book was written for those who are pondering career changes or contemplating going into business for themselves. It applies Renford's understanding of the Universal Laws and his experience working with entrepreneurs, especially in startup situations. For many people developing their own business is a compelling idea. Sometimes a hobby or particular activity is all that really interests some people. *The Laws of Material Wealth* helps readers understand where this is coming from and why it is important for them as part of the creative process. The fundamentals based on the Universal Principles of creation are the foundation no one can ignore.

This book was written while Renford was working in venture capital. He was raising the money to raise the money. In other words, seed capital, the funds necessary to get into the position to approach venture capital, securities companies or angels. He came to the conclusion that though his clients saw everything as a money problem, the real problem more often than not was management and their unrealistic expectations. He used a number of examples from this period changing the names to protect the guilty!

The Laws of Material Wealth Workbook

The Workbook for *The Laws of Material Wealth* follows the chapters in the book and includes four - five exercises in each chapter dealing with a Universal Law. Sample questions one may need to ask are included. The primary purpose is to assist the reader in the process of identifying and verifying each of the Universal Laws in his own experiences and making application of this knowledge in the creation of the image held in thought. Whether a business, career or a non-profit project this is the process of creation, and above all else each of us are creating our lives.

Support for the Laws of Material Wealth

Once a student has the book, the workbook and the 4 DVDs he receives access to the 54 weeks of support material and online coaching. The support material is delivered by e-mail and the radio program on the RBR Network called The Laws of Material Wealth Personal Development Program constitutes oral coaching on each of these 54 weeks of support material. The shows are available at present in the archives of the RBR Network at www.blogtalkradio.com/renford and will be available on DVDs for those who

purchase the program. The support material will be published as an additional workbook for the program.

The River of Life

This book is primarily written in verse. It is about the eternal nature of being. It picks up an entity that is between physical lives and follows him on his journey down the river of life. It addresses the various theories of life after death that is usually dumped under the general term of “reincarnation.” Christian dogma starts the clock on the nature of being with physical birth, and this essentially denies the word “eternal” except in terms of an eternal reward or punishment. This book points to the fact that the word eternal means **without beginning as well as without end.**

The Mysteries Revealed

This book looks at the meaning of the most controversial of the biblical books – the *Book of Revelation*. Many equate the word “apocalyptic” with the word “catastrophic.” “Apocalyptic” does not mean “catastrophic.” It means revelation. It is also called the *Revelation of John*. Dreams can seem crazy when viewed in relative consciousness, so it is important to use the language of the mind. Since there are a number of visions mentioned, *The Book of Revelation* should be treated and interpreted as a dream. Though most consider *The Book of Revelation* simply to be a book of riddles, there are those who teach a religion of fear based upon it. It is really about moving **from fear based feeling to love based living.** *The Mysteries Revealed* is a metaphysical interpretation of the *Apocalypse of John* – the revelation of Jesus. It is a roadmap to self-unfoldment. It is the mysteries revealed.

The Metaphysical Bible

It is a mistake to think that one can interpret all the books of the Bible in exactly the same manner. One cannot interpret all these books literally, metaphysically or with any set formula. Each book was written by the writer to a specific individual or group for a specific reason. *The Father Confusers* deals with physical events described by ancient witnesses from their only points of reference. *The Metaphysical Bible* deals with scripture that is obviously metaphorical or metaphysical in nature. Popular and familiar passages such as *Isaiah 55*, the Lord’s Prayer, the 23rd *Psalms* and others are revealed in a different light. The deeper, and with all due respect to

theologians and philosophers, clearer picture of what was being said is recorded for your study. Some, if not all, of the passages that are metaphysically rendered can be found in various Renford Books, but they are all together and in an easily understandable order in this book.

Included in this book is a chapter on how we got our Bible. Many think of it as something that has always existed but it was a collection ordered by an Emperor who was himself not a Christian. What should or should not be included is still a matter of conjecture with the Greek Catholics, Roman Catholics and Protestants, not to mention the Gnostics, putting forward their collection as the Bible.

Renford Revelations Volume One – Volume Four

Included in these books are blogs, articles and essays by Renford on a variety of subjects of contemporary interest. The power that can be gained by understanding of the ancient teaching of the Masters come alive with understanding of applied metaphysics. Without a practical way to understand and harmonize with the Universal Laws, the benefit is limited to the intellect or faith. The Essays are revelations that come from the process of identifying and verifying the Universal Laws from life experiences. They have been delivered on Internet radio, Internet Article Centers and included as chapters in some of the Renford Books.

The Father Confusors

This is a study of ancient scripture and the parallels that can be seen in related stories. It is in the third level of the Institute of Applied Metaphysics and builds on the lessons learned from the Universal Laws. Once the Universal Laws are understood, at least on a basic level, *The Father Confusors* helps differentiate between Universal Being – God and alien entities that were thought to be God or posed as God. The First Cause, the Creative Force we call Universal Being, is identified through the Divine Self-Expression, the Universal Laws. This book deals with numerous incidences described by ancient witnesses from their point of reference and what they are describing is not God nor God-like attitudes and actions. Witnesses describe an incident from their point of reference. Ancient witnesses could not include all the technological advancements of the 21st century.

The Core Teachings

This book identifies thirteen Universal Laws that were taught by the Great Masters. The emphasis is on how their teachings were alike as opposed to how they were different. It can be read in two ways. It may be read as any book from front to back in the normal way or the reader can take any one of the Universal Laws and follow the thinking of the Masters one by one. You can read what Buddha had to say about one of the Laws in the Dhammapada – what Lao Tzu said in the Tao Teh Ching, what Vedic writers said in ancient Vedic texts – what the Zen Masters said – what Jesus said and what Mohammed said. The book moves on to famous writers and teachers such as William James, Ralph Waldo Emerson, Thomas Troward, Wallace Wattles and Napoleon Hill. The last author quoted is Dr. David Hawkins PhD. The reader can get a more comprehensive picture of a Universal Law than any other way. Readers and students can see for themselves how the original teachings parallel each other. In the process of this study what has been added can be identified. To some degree, there is an introduction to the Universal Laws in virtually all of the Renford Books, but in *The Core Teachings*, there is a more in depth study of the Laws.

The Unity Principles

This book is a study of the writings of Charles Fillmore and Emily Cady and records what they said about the Universal Laws in comparison to what are commonly accepted as the Unity Principles. No matter how the Unity Principles are represented today, we can see in this book that Fillmore and Cady were very specific in their statements.

The 5 Unity principles as they are explained by the ministers of Unity Church of Christianity are really principles that any Christian could agree with. However, when we look at the specific statements of Cady and Fillmore we find very specific definitions of each of the 13 Universal Laws that are unequivocal. These statements, unlike those put forward officially as the Unity Principles orthodox Christians would not agree with. The Principle of Absolute Unity, for instance, is clearly stated in Unity as, “There is only one power in the universe.” Orthodox Christianity says there are two warring powers battling over the souls of men, God and angelic army and the devil with his demonic forces. Duality is predominant throughout traditional Christianity.

The Universal Law Society Workbook

The ULS Workbook contains the multiple choice Lesson Questions for the books and essays that make up the first level of study for the Institute of Applied Metaphysics. The first level is called the Universal Law Society because each of the Renford Books deals with the Universal Laws. The essays have True and False Lesson Questions. This is the workbook necessary for those who want to complete the ULS and become eligible for ordination by the Church of Revelation as Minister – Teacher.

The IAM Masters Workbook

In the second level, the M. A. Program, the focus shifts to the process of manifestation and acceptance. The purpose of this level is to engender understanding of the process of creation. In fact many of the teachers who have studied the Universal Laws call them “the Laws of Creation”.

It is obvious that masters, such as Jesus, saw our purpose for being here to create and be productive. We have the illustration of Jesus wilting the fig tree because it was barren. He told the parable of the talents which emphasized the need to be productive and explained what the primary enemy of the individual is, “Fear”.

The PhAM Workbook

This workbook contains essays with lesson questions and all assignments. It also includes all of the multiple choice questions for the texts in this level. This is a required purchase for one who wants to complete the third level. The material in this level is advanced information not readily available in most esoteric schools. Completion of this level entitles the graduate to teach any courses in this level as well as ordination as a Doctor – Metaphysician in the Church of Revelation.

The Author’s Workshop

This workbook is the text taught in workshops and is provided for paying students as part of the price of the workshop. It can be purchased separately

but it is in outline form and much is to be gained from the explanations covering it. This is a complete guide to aspiring authors. Publishing is defined, what to expect as part of the process and what to do when your book is covered. The workshop is generally presented in a three hour format beginning with a clear picture of how the publishing business has evolved and how to adapt to these changes. This is important if a new author is going to be able to make informed decisions. With this knowledge it will be much more difficult for anyone to take advantage of a new author. Cost cannot be hidden if the author knows what the process is. When you know the questions to ask publishers and people who assist with publishing recognize that you want an itemized fixed cost in advance and that you intend to maintain control.

Half Enlightened Masters

The purpose of this book is to familiarize the reader with the steps to be taken in the process of self-discovery. In order to accomplish this process it is helpful to look at ways people have tried to do this. Religion has been the main focus. The occult world is another, which includes the search for a perfect master in the popular Eastern tradition. Renford is offering his observations with regard to organizations covered in this book because he has been able to study and spend time with supporters of these schools of thought. They were not selected for critiquing purposes. Basic information is provided and readers can take the time, should they so desire, to investigate any or all that has been included.

The Literalist Conspiracy

This book gives an accurate picture uncolored by the Catholic Church story line. It reveals the facts about the first 50 years after Christ, the Ebonite's under James the brother of Jesus in Jerusalem as well as the coming of the Gnostics. It reveals a small group of the lowest level Gnostics, called Hylics who interpreted the myths with meaning written by Gnostics literally and turned them into narratives. It is about the state of Christianity through to the Nicene Council in 325. It traces the development of a new aggressive and violent religion founded by the Emperor, a non-Christian, for political purposes. This new religion was structured along the lines of the Roman Military, and combined with the state apparatus, created a resilient theocracy that when the state failed continued to develop through other states. This book

contains information on existing and competing religions at the time and the role politics played in the creation of the Bible.

The Revealer

The Revealer is an in depth study of the mission of Jesus, the religious and political scene at the time of his recorded life and the very essence of his teachings. This book deals with the secrets he said he was there to reveal. He said these secrets had lain hidden from the foundations of the earth. In the same verse, *Matthew* 13:35, where he states this is his purpose for coming. The writer of *Matthew* goes on to say, “And he spoke to them in parables and without parables spoke He not.” This very clearly tells us where the secrets are to be found.

IAM-WELL

It is clear that the basic and most effective way to be healthy is to be completely healthy. We mean by this, healthy in mind, body, and spirit. Any other approach yields only temporary results. It is necessary to identify and come into harmony with the Laws of Life if one is to know true health. Medicine and the science of healing on the physical level have come a long way. Its advancements, however, have been so focused on the physical level that mind and soul have been considered only possible aids in physical health. In other words, the advances have been made without recognition of the fact that mind and spirit are a part of the equation. Scientists have proved that everything on this vibratory plane is governed by laws, but they are only aware of physical laws. We would like to suggest that you look at the question of health and the laws that govern health with a more comprehensive view including body soul and mind. In the Renford Books these Laws are referred to as the Universal Laws and the author shows how they affect the natural laws with which we have become somewhat familiar. We could also refer to them as simply, The Laws of Life.

The IAM Catalog

The idea for the creation of the Institute of Applied Metaphysics developed from the suggestions and contributions of many who read the Renford Books when they were still in manuscript form. Readers and students have continued to motivate Renford culminating in the establishment of the Institute and its Board of Regents. The Renford Books constitute Renford’s understanding on

a wide range of subjects, each related to the Universal Laws. As a student of the Institute of Applied Metaphysics you will learn on three levels. The first level is a comprehensive look at the Universal Laws with the objective being to identify and verify each from your own life experiences. The second level looks at our primary purpose for being here and the process of manifesting our evolution and unfoldment. The third level ties it all together with an in depth esoteric study.

The courses, essays and lesson questions for all three levels are listed along with comprehensive information on the Institute. This catalog also provides a clear picture of the philosophy of the Institute with regard to education and educational institutions.

One only need read one of the Renford Books to recognize that they are different. With a dedicated study of these books one can break the bonds of mechanical thinking and begin the process of evolution and unfoldment. The same old fuzziy stated esoteric ideas are absent. There is a clear and direct communication of the invariant principles in a way that any serious student can understand and find a path to run on.

Original Science

Science today draws on the contribution of early giants such as Hermes Trismegistus, Pythagorais, Socrates, Aristotle and others. At the same time they made these scientific contributions they were extraordinary philosophers. There were simply not the clearly established lines we have today between philosophy and science.

You can request a copy of the Renford Books Catalog at iamrenford @gmail. Com. These books are available in paperback and as electronic books.

Government

In this book original laws from ancient texts such as The Laws of Maat, The Code of Hammurabi and the Ten Commandments are shown to be the core principles upon which our judicial system and systems of government are based. There were other such ancient text all of which the kings who brought them claimed were given to them by the gods on a mountain top. It is what all including the Law of Moses has in common as they all claim them to be a revelation exclusively for them by the gods to provide for the people.

This book explains how from these basic laws we have meandered through history and the divine right of kings to eventually arrive at constitutional law by the people and for the people.

Religions of the World

This book may not include every religious group in the world and there are many derivatives from each of the major religions. The major ones are covered using both the literalist and esoteric extremes. The Literalist side will be most interested in form, doctrine, and ritual. The esoteric side will be interested in the process of enlightenment and understanding. There will be some religions of which you will have limited knowledge. You can find information on the Internet with regard to any religion but you have to know what to look for. I think there will be some in this book you would not have known to look for.

The Contemporary Revealers

This book is a review of contemporary writers who have addressed and explained some, if not all, of the Universal Laws. This fact is not recognized by those who have written reviews of these authors and their books. It may be that they do not recognize the significance of these writings. For instance, people who write about Edgar Casey involve themselves in how accurate his readings of the future have been. They want to theorize about what he saw in political terms etc. They miss the significance of his identification and verifications of the Universal Laws. You will not hear from most Christian Ministers about the Universal Laws but Jesus himself said that he had come to reveal the secrets that had lain hidden from the foundations of the earth. He told his apostles that he had revealed the mysteries to them though they don't appear to have been astute students. This book features people who have revealed at least partially the Universal Laws.

The Language of the Mind

When we attempt to interpret a dream, especially those that are recurring, we have no hope unless we know the language being used. We think in pictures

and it is motion pictures we receive. These pictures are symbols with which the inner being is using to talk to us. If we associate the dream only with the picture or scenes related to the experience in the relative conscious state while awake it is like trying to translate from Chinese to English using only Greek. It does not work! If we know the symbols we know the language of the mind. Most of us are not meditating and the only time the inner-being can talk to us is when we are asleep. If we attempt to interpret our dreams in the relative conscious language of our relative conscious lives we have the total confusion and fear-based interpretations of those who give us literal interpretations of the *Book of Revelation*

The Four Pillars

The Four Pillars is designed to provide practical steps and a guide to identifying and verifying the Universal Laws in your life experiences. The four pillars are Identification, Verification, Observation and Meditation. This book is currently being edited and it is expected to be available within 60 days. It is being added to the Universal Law Society.

My Way

In *My Way* I reveal the process from birth of finding my way. While often feeling lost or caught up in religious studies, and while experiencing the struggles of business, there was always this singular process of self-discovery. This book was written in the hope you may find a way to do the same.

Visit www.IAM-COR.org to see the virtual campus of the Institute

The Institute was born in the information age, and the Internet is the primary vehicle for contact and distribution. It brings a simple message that connects the dots for those who are seriously on the path of personal development. Each of 13 Universal Laws relate to the other 12 and the power is in knowing this. Many organizations bring a wide variety of teachers and lessons to their membership and though they are good and beneficial, the connection escapes them. We cooperate and work with those who are open to cooperation. The institute is clear about the differences between traditional education and knowledge that can be gained at the Institute. Students learn of the four fields of knowledge and what lies beyond what is traditionally available.

Shukriyyah – 901503-9488

The RBR Hosts program has developed into a fraternity of teachers, healers, creators and service oriented personalities. We have formerly been limited to two hours per day broadcast time with 12 shows per week. Of course this limited the number of Hosts, the genres and the audience we could reach. We think that those who are producing these shows and working to provide information and services to listeners worldwide are dedicated and the potential for an expanded network is present. This is a diverse group and each host has appeal for a segment of the listener base and may create their own listener base. While we may have differences in belief systems, skills and approaches to the public the core intent is to serve. We have a variety of backgrounds but as hosts we all want the same thing. We want successful shows with a good audience base and to share what we have come to know by interviewing service oriented guests.

Contact iamrenford@gmail.com for information regarding your participation in the Hosts Association. We will forward the Hosts Association Package.

A School Of Compassion is about to be launched. No matter what religion you follow, this School is open and available to anyone who would like to learn more about how to live from your heart space. During the studies of transcendental meditation, we are here to learn more about ourselves and how the more we seek guidance from our inner self the more we find clarity and wisdom.

Come on a journey with me to seek the truth message from your heart. Once you learn how to navigate your inner space and realize we are all one you will know that compassion and a life well lived will break you free from your karma. WEBSITE COMING SOON. Stay tuned! Foxamy1987@gmail.com

I work as a Finnish-Scandinavian tradition shaman. What is a shaman? This is a healer who creates changes in the energetic structures underlying your physical body. A tietaja, as we are known, can shift into other dimensions, finding often overlooked factors behind your physical, emotional, or spiritual challenges or discomforts. When we find and resolve the issue(s) in the subtle bodies, the physical body experiences restoration. For more, essays (blog), testimonials, and mission statement, go to:

## THE RENFORD AFFIRMATIONS

*I know that anything I can conceive and believe I can achieve. Everyday ideas are coming to me. Every day I gain more confidence because I believe in myself. God dwells in me, and I can access God Power by recognizing my innate powers.*

*I know that there are certain Universal Principles or Laws upon which all laws, including the laws of physics, rest. I am persistent in my identification of these Laws in my life. I am using my innate powers to come into harmony with these Laws of life. I know that these Laws are the Divine Self- Expression and that through understanding them in my life experiences, I can BE STILL AND KNOW GOD.*

*I see all problems as challenges that simply require a learning process. I love them because they exist in Divine Love for my benefit. I understand that proper perspective is necessary to begin any work and I'm daily developing the capability to view my life in proper perspective.*

*The essence of God is in me and I am pure potentiality. Every thought I have creates. I am aware that I can create destructively as easily as I can create constructively; therefore, my every thought is observed as if I were outside looking in. Negative and fearful thoughts are immediately apprehended and brought into the light from the dark corners and hidden caverns of my mind. In their place, creative and constructive thoughts are building the edifice of self-knowledge and understanding, which is my birthright.*

*I know that there are no limits upon the abundance that is available to me, except those that I place upon myself. I am releasing all thoughts that restrict or limit me. I am attracting all the skills, people and materials that I need to fulfill my primary purpose. These assets and attributes are daily being placed on the infrastructure that I have created in thought. I am manifesting what I have imaged in thought.*

*I know that I am not alone but part of the absolute unity of all. I know that every action has a reaction. I know that all is connected; therefore, there are always consequences of my thoughts, attitudes and actions. I observe this and daily create an ever-expanding positive force.*

*I am giving of myself every day in every way. I share my wealth, time and knowledge, and the cosmos rewards me in multiples of my giving. It is inevitable that I receive when I give, because this is an expression of a Universal Law.*

*I know that no matter what I give or receive, there is only one essential ingredient, and this ingredient is the makeup of God. IT IS LOVE. Every time I share my knowledge, wealth or time, I am giving packets of LOVE—Packets of God. Love is all that I have been given, and it is all that I can give. I give love freely and daily.*

*I know where I am, who and what I am, and what I am capable of. I know that my capacity for energetic activity, creative thought and love is endless and that my energy supplier, Universal Being, is infinite. I take responsibility for what I have and will create. I know that what I create in thought, and give the power of emotion to, will be manifested. I AM IN EVERY WAY CREATING MY LIFE! ~ ~ ~*
